Title: LED Lighting Framework

Reference number: Q0967

OJEU Contract Notice: 2018/S 094-213692

OJEU Award Notice: 2018/S 184-416886

Start Date: 01/09/2018

End Date: 30/08/2022

What is it?

The ETL LED Lighting framework streamlines the procurement process for LED Lighting by providing pre-negotiated, EU-regulation-compliant contracts that can be used with a group of prequalified suppliers.

Who is it for?

This framework is available to both public sector organisations (NHS, local authorities, government bodies, higher education, etc.) and private organisations wishing to benefit from our experience and pre-qualified supply chain.

Why LED lighting?

LED Lighting products are approximately 90% more efficient than incandescent light bulbs and offer a much longer useful life. There are multiple benefits to upgrading to LED Lighting:

REDUCED ENERGY CONSUMPTION

REDUCED CARBON EMISSIONS

REDUCED ONGOING MAINTENANCE COSTS

IMPROVED ENVIRONMENTS AND LIGHTING SERVICES

Why the ETL framework?

Our trusted supply chain:

What other services do we provide?

- Energy Performance Contracting (EPC) Framework (reference number: Q0914)
- Battery Storage Framework (reference number: Q0956)
- Strategic Sustainability – Green planning, travel planning, sustainable design and other sustainability support.
- Funding Support

About ETL

ETL is unique. Combining NHS values with commercial focus, we deliver innovative solutions to help clients improve their efficiency and effectiveness.

We work with clients throughout the NHS, local authorities, education and other sectors, both public and private.

We are experts in creating sustainable solutions that will deliver cost, carbon and energy savings. ETL is wholly owned by Guy's and St Thomas' NHS Foundation Trust and our profits are invested back into the NHS.
